

# Margaret River Lovers

**your chance to become a member of the Margaret River wine region.**

## A Region Commanding Attention

Although Margaret River contributes only three per cent of the country's wine grapes, it commands over 20 per cent of the premium wine market.

Since the first significant planting of vines in 1967, the Margaret River wine region has grown to become regarded as one of the great fine wine producing regions of the world.

Margaret River stretches about 100km from north to south and 27km wide in parts. The region comprises the rolling hills of the Leeuwin-Naturaliste Ridge, between Cape Naturaliste and Cape Leeuwin. To the west, the Indian Ocean provides a dramatic boundary of cliffs, world-renowned surf and some of Australia's most pristine beaches.

Membership of Margaret River Lovers is free and as a member you will receive:
